

Tracking the Soul

With An Astrology of Consciousness

OCTOBER 12 - 18, 2012

HEARTHAVEN RETREAT
WILLOW SPRINGS, MISSOURI

Tracking the Soul is a 6-day experiential workshop, integrating the exquisite spiritual psychology of the seven chakras with an intimately personal, image-based approach to astrology called astropoetics. The workshop will bring the provocative theory of the astrochakra system into real life application in relation to core issues brought by participants. Limited to 12 participants, the workshop will provide each participant with ample opportunity to be the loving center of group attention, while allowing plenty of alone time for integration. To supplement our group work, there will be an opportunity for individual crystal healings and daily yoga classes oriented around chakra work.

Tracking the Soul is cosponsored by **The Astropoetic School of Soul-Discovery** (www.astropoetics.com) and **Yggdrasil** - a school for visionary contrarians, integrated with a spa retreat for the evolving soul, set within a self-sustaining forest garden community. All profits from the workshop will be donated to Yggdrasil.

JOE LANDWEHR - WORKSHOP FACILITATOR

Joe Landwehr is an astrologer of 40+ years experience, seeking in his work to integrate astrology, spiritual psychology and ancient wisdom teachings. In addition to *Tracking the Soul*, he is the author of *The Seven Gates of Soul: Reclaiming the Poetry of Everyday Life* - a critically acclaimed 6000-year history of ideas about the soul, *Astrology and the Archetypal Power of Numbers, Part One* - an exploration of Pythagorean number theory and our collective spiritual evolution. Joe is also Director of **The Astropoetic School of Soul-Discovery** (www.astropoetics.com), an individualized correspondence course and series of workshops built around the correlation of astrological cycles with life experience. In addition to astrology, he brings a background in yogic philosophy, Jungian psychology, and Native American teachings to his work.

Joe has the uncanny ability to see through the mask of an individual and gently prod them onto a deeper, more relevant and profound exploration of their chart symbolism. I personally know him to be a genuine spiritual seeker, as well as a gifted writer and astrologer of the highest moral caliber. He is a master of the art of astropoetic interpretation with the ability to skillfully interrelate mind and body, heart and soul into his teachings, which he pursues with passion. On this uncertain journey towards a deeper understanding of the meaning of life, I think Joe is as close as one can get! - **M. A., Columbia Station, OH**

You have been such a great mentor to me, and I mean way beyond the scope of astrology, you have helped me learn how to live . . . Everyone should be fortunate enough to have someone like you as a guide & tutor. - **A.C., Staten Island, NY**

I deeply appreciate the depth and subtlety with which you approach astrology. It is quite nourishing to me. - **L.S., Austin, TX**

Days Four – Six – which are really the heart of the workshop – will address the charts and life concerns of each participant.

Tracking the Soul

With An Astrology of Consciousness

Tracking the Soul With An Astrology of Consciousness outlines a complete system of spiritual psychology based on an integration of astrology and the chakra system. The chakra system allows us to observe how consciously or unconsciously we are approaching any life experience. Astrology enables us to apply that awareness to identifiable life issues with a sense of timing. Together, the combination - which I call the astro-chakra system - empowers us to address our issues with maximum clarity and clear intent toward growth.

Joe Landwehr shows how the natal chart and transits become a basis for inner work and transformative yoga, helping us work through the emotional issues and energetic blocks associated with each chakra, to become progressively liberated on every level. Joe writes with heart and humor, focus and fire, drawing the reader into a deeper personal experience of astrology as a living spiritual philosophy and a tool for consciousness growth. - Greg Bogart, author of Astrology and Spiritual Awakening and Planets in Therapy.

Tracking the Soul was awarded Best New Age Book of 2007 (Readers Views Annual Literary Award), Finalist New Age/ Metaphysics/Spirituality 2008 (Ben Franklin Awards), and Bronze Medal Winner - New Age (Mind-Body-Spirit) 2008 IPPY (Independent Publisher Book Awards).
